TAFE - PROVIDER

Certificate IV
Occupational Safety & Health
BSB41407

Occupational health and safety (OH&S) is about ensuring safe and healthy working conditions, and preventing illness and injury in the workplace.
This nationally accredited certificate course is for those who wish to pursue a career in OH&S. It is ideal for those responsible for OH&S in their workplace and who need the skills and qualifications required to carry out their duties.

It is also ideal for those who wish to become Work Cover acceptable trainers and assessors, human resource (HR) practitioners, safety officers or supervisors with significant OH&S responsibilities.

How:	OPTION 1	**a.** Gather evidence that shows you participate in Safety Management in your workplace. **b.** Submit the evidence for Recognition of Current Competency (submission dates to be advised)
	OPTION 2	Online self-paced training
Cost:	$750.00	
Venue:	**Murray House Resource Centre**, Corner James & Murray Streets, Pinjarra.	
Support Materials:	OPTION 1	Once enrolled a list of competencies will be provided, enabling you to gather evidence and prepare a portfolio to support RPL (Recognition of Prior Learning) or RCC (Recognition of Current Competencies).
	OPTION 2	Support materials accessed online
Highly Recommended	5 Day Health & Safety Representatives course
